## SELECT CREASE

Get the features and speed you need, in an easy-to-use, affordable machine.

The COUNT ${ }^{\text {TM }}$ EZCreaser gives you the robust features you need at an economical price, for lower to medium volume creasing, scoring and perforating. You get the speed and reliability of a top-feed automatic friction paper feeder, with smooth, consistent operation. You get a machine that's simple to set up, and easy for anyone to use with the popular COUNT touch-screen operation, and one-touch automatic set-ups built in. And you get even higher speeds for operating in perf mode, with 5 interchangeable perf options (including micro-perf).

## EZCreaser

An easy-to-use, affordable solution for low- to medium-volume creasing, scoring and perforation.

## Features

- Offers a reliable top-load friction paper feed.
- Rotary actuated impact creasing.
- Automated Distance Recognition allows auto setups for your most common creases and corresponding folds, including perfect bind.
- Comes standard with rotary perf wheel assembly.
- Optional micro-perf and score wheel assemblies are available.
- Includes micro-lateral adjustable feed rails and sheet counter (batch and total counting).
- Add the COUNT ${ }^{\text {TM }}$ KF-200 or another inline folder.
- Add the optional inline transport to feed directly into the COUNT ${ }^{\text {TM }}$ CountCoat or other UV coaters.
- Two-sided creasing die- one side has a narrow crease and the other a wide crease for heavier stock- to change, simply remove the die and flip it over.
- User-friendly touch screen for easy set up and control of the machine.
