The COUNT™ NumberPro is a basic hardworking solution for numbering, scoring and perforating on a wide range of paper stocks. Simple touchscreen programming allows you to number, perf (including micro-perf) or score individually or simultaneously. Number virtually anywhere up to 12 times per sheet, and add a second head for an additional 12 times – or crash number carbonless forms (up to 6 parts). Includes the patented self-inking cartridges to eliminate re-inking.

Number Pro

A low to medium volume top friction feed numbering, scoring and perforating solution.

Features

- Easily program to number, perforate or score, individually or at the same time.
- Offers a reliable top-load friction paper feed.
